TERMS & CONDITIONS

Please note ISO/IEC 7812-1 allows for only one IIN per legal entity. In assigning an IIN, the American Bankers Association (ABA), is acting as the Registration Authority (RA), under contract with the International Organization for Standardization/International Electrotechnical Commission (ISO and IEC respectfully) and the assignment, registration or publication on an IIN is not intended to signify, or should not be taken as in any way implying, that the company to whom the IIN is assigned has become or will become a member, associate member or agent of the ABA or any of its subsidiaries.

The operation of the RA is a not-for-profit-making service to card issuers complying with ISO/IEC 7812. Its success depends, in part, on the cooperation of card issuers. The RA will not be held financially liable for errors or omissions, howsoever arising, whether negligently or otherwise in the registration, reservation or assignment of IINs or the publication of those IINs and the names and addresses of the parties to which they are assigned.

The applicant Organization acknowledges this IIN is issued with the understanding that it will be used in accordance with the requirements in ISO/IEC 7812-1. It is acknowledged that in assigning this IIN, the RA is designating the IIN as identifying the organization specified as a card issuer as described in ISO/IEC 7812-1. The use of this IIN or any other IIN by a party which does not choose to comply with the provisions of ISO/IEC 7812-1, with or without the knowledge of the RA is beyond the control of the RA and, therefore, the RA cannot guarantee the sole and unique use of this IIN to your organization.

In order to maintain the integrity of the *ISO Register of Issuer identification Numbers*, the applicant Organization agrees to notify the RA of any changes regarding this assignment.

It is mutually agreed that neither Party shall be held liable for damage caused by delay or failure to perform when delay or failure is due to government regulation, Act of God, war, disaster, fire, flood, strike or labor disruption, or civil disorder making it illegal or impossible to abide by this agreement or any of its terms.

The applicant Organization agrees to defend, hold harmless, and indemnify the ABA, ISO and the IEC for any negligent or reckless acts or omissions of its agents, employees, or those under its exclusive control arising in and of this agreement and for any cause of action or damage from the applicant Organization's participation in the IIN system.

By signing this application/agreement, your organization is agreeing to all of the terms and conditions listed in this application. You are also certifying the information provided in this application is correct.

Effective January 2017 - ISO/IEC 7812-1 was revised to extend the length of the IIN from a fixed-length numeric of 6-digits to an 8-digit numeric value. This revision to the standard was formally published in January 2017.

Please note: This Company has been assigned an 8-digit IIN. It is important to note that if you intend to implement a card program using the first 6 digits, you are prohibited from using any numbers in the 7th and 8th position starting with 01 through 99.
